

Locomotive Crew

As a heritage railway, there are lots of opportunities to experience working on a variety of steam and diesel locomotives.

Engineering

Gain new skills and help to safeguard our engineering heritage by maintaining and restoring our fleet of locomotives.

Volunteering

Many of our passengers may not realise that the Middleton Railway is run entirely by its volunteers, who perform a variety of exciting and challenging roles.

We are always looking for interested people who can spare some time. There are a wide range of opportunities available, covering virtually every aspect of the Railway's activities.

Whilst some roles require a significant time commitment, others do not.

If you want to get your hands dirty, there's plenty to do in the workshops, civil engineering or groundskeeping departments. Alternatively, you can help the shop or the museum.

Volunteering presents you with an opportunity to meet new people from all walks of life, to gain worthwhile skills, and to give you a real sense of achievement.

There are many different areas you can volunteer in, some of which are included in this leaflet.

Want to help run a Railway?

Apply to Volunteer today!!

You don't need any knowledge of railways or their operations, just a willingness to learn, and an enthusiasm to give our visitors a great day out!

Ticket Office, Shop & Cafe

The public face of the Railway, interacting with visitors and passengers, offering an essential support service covering all aspects of the Railway.

Work alongside friendly, polite, approachable volunteers and enjoy a direct relationship with our visitors.

Guarding

Train Guards interact directly with the passengers.

Personable and smartly dressed they take on the responsibility for passenger safety on their journeys.

Civil Engineering

Responsible for all maintenance, hedging and fencing.

A vital part of the Railway, this department ensures that the track and associated infrastructure are well maintained for our passenger safety and enjoyment.
